To

Spandan Guragain

TRIBHUWAN UNIVERSITY

INSTITUTE OF ENGINEERING

ROBOTICS CLUB

PURWANCHAL CAMPUS

DHARAN, NEPAL

2025-06-29

1 What I learnt today

1.1 Git Github

I had already created my Github account earlier and did some projects. Today after the session, I created a repo named bootcamp on my github profile which i will update on later days of bootcamp and I also made a readme.md file. I also tried git pull and push.

1.2 Arduino IDE Install

I installed Arduino ide v2 on my device for further sessions.
